# SCOLDED BY THE JUDGE

SAYS AMENDED COMPLAINT FAILS TO MEET THE COURT'S ORDER.

It Is Tiresomely Long and a New Complaint Must Be Filed-In the County Courts.

Judge Baker, of the United States Court, has made a ruling in the damage suit of David A. Jennings against Ell W. Menaugh and others, to recover a sum of money for alleged persecution. The suit comes a complaint in a single paragraph, consisting of twenty typewritten pages. The defendants moved the court to require the plaintiff to separate his complaint into paragraphs and to number them, on the ground that the complaint stated a number of distinct causes of action. The court sustained the motion and ordered the plaintiff to separate his paragraphs.

The attorney for the plaintiff then filed a complaint in five paragraphs, covering 182 pages of typewritten matter. The defendants next moved the court to dismiss the case on the ground that the plaintiff had failed and refused to obey the order of the

The plaintiff is required to file such a complaint within thirty days.

# Justice Hawkins Levies Fines on Four

Hunters. Clarence Walch, who was arrested Sunday and charged by Deputy Game Warden Monroe Kirk with a violation of the game law, was fined yesterday by Justice Hawkins. His fine and the costs amounted to \$43.50. Justice Hawkins, contrary to the decision of Justice Stout last week, held that rabbits, although not specifically mentioned in the game law, should be considered as "game." Chris Zimmerman, Ferd Stuckwitch and Michael Birchfield, charged with shooting quail, were fined.

#### A New Rule Recommended.

The Appellate Court yesterday transferred to the Supreme Court the case of the Crystal Ice Company vs. William R. Morris, accompanied by an opinion recommending a change in the present appellate practice. The record in the case showed that parts of the complaint had been stricken out on motion, and those parts were not incorporated in the record by a bill of exceptions so as to be entitled to consideration on appeal, but the complaint was copied into the transcript as it read before emasculation. Judge Black recommended that when an attorney makes up his transcript so as to include in the complaint parts that the record shows have been stricken out he shall suffer the penalty usually visited on one who fails to bring up a correct record of his appeal, and the court will decline to | served. consider the complaint at all.
